Dear [REDACTED],

In a few short months Boris Johnson has shown how unfit he is to be in Downing Street.

His divisive and extreme politics are increasing the tensions and division in our country. His plans for a 'no deal' Brexit will wreck our economy and our future. He doesn't care about our democracy or our laws.

As Leader of the Liberal Democrats, I am determined to stop Boris Johnson.

The Liberal Democrats are winning up and down the country. In many polls, we are now ahead of Jeremy Corbyn's Labour Party. We beat both the Conservatives and Labour at the recent EU elections.

Tens of thousands of people have joined our party in recent months. We are the party that can break the old, broken political system and win a General Election.

When we win that election, my first act as Prime Minister will be to stop Brexit.

And that's just the start of my ambition for our country. We will build an economy that creates opportunity and lifts people out of poverty. We will tackle the climate emergency to protect our planet. We can build the best education system in the world here in the UK.

If you like the sound of that, then please lend us your support and together we can change our country for the better.

Best wishes,

Jo Swinson
Leader of the Liberal Democrats
